

CURRENT USERS

RelayHealth will cease to be the vendor for the Mississippi Prescription Monitoring Program (MS PMP) Wednesday October 9, 2013.

Apriss will be our new vendor. Those who are current users of the MS PMP will need to “CREATE your Account” at <https://mississippi.pmpaware.net/login>. You will not be required to submit any paperwork.

The new MS PMP system will use your email address as your username, therefore duplicate emails will not be accepted.

NEW USERS

Mississippi Board of Medical Licensure

Those licensed by the Mississippi Board of Medical Licensure with DEA numbers are required to register by December 31, 2013. If you want to delegate a trusted staff member to use the system for you they can register as your “Delegate”. The Medical Board recognizes this as you being registered. Also, both you and your delegate are allowed to sign up. Sign up may be done at <https://mississippi.pmpaware.net/login>

Mississippi Board of Nursing

Nurse Practitioners must use the system themselves and may not delegate this responsibility to anyone else. Sign up may be done at <https://mississippi.pmpaware.net/login>

Mississippi Board of Pharmacy

Pharmacists are encouraged to register for the MS PMP. If you have a technician that has been working at the same store continuously for more than five years they are allowed to register for system use. If that individual ceases to work for you it is your responsibility to notify the MS PMP so their access can be revoked. Please remember you are ultimately responsible for the actions of the technician and any system abuse may result in disciplinary action against you. Sign up may be done at <https://mississippi.pmpaware.net/login>
